

KEY INFORMANT INTERVIEW ON EVALUATION OF PHASE 3 ACTIVITIES

National Union of Disabled Persons of Uganda (NUDIPU), in collaboration with Eight Tech Consults working in partnership with Uganda Communications Commission (UCC) is conducting an evaluation of phase two activities. The main objective of this assignment is to document the immediate impact of the project interventions during phase three among all stakeholders involved. Thus, this tool seeks your opinion on the different activities conducted during phase three, these include upgrade of the national observatory and digital services, Digital skilling and data profiling, development of a sustainability framework and scaling uptake of the observatory.
